

**CV Global Ltd**

20-22 Wenlock Road, London, N1 7GU

**Impartiality Statement:**

**Our Audits:**

As well as establishing ISO compliant management systems for our customers, we ensure their ongoing compliance through a robust auditing regime conducted by our fully trained, independent associates.

**Our Auditors:**

We ensure that our Auditors comply with the requirements of the International Standards Organisation through our own external audit programme (delivered by CV Global Ltd). Each year we invite an assessor from our panel of independent auditors to come in and conduct a comprehensive audit of our management system particularly with regards to our scope as a certification company.

**Accreditation:**

Please note, although we do not offer UKAS Accredited Certification we take pride in offering an ISO Certification which would withstand the scrutiny of any Accredited Certification organisation's audits.
